

Preservation and Archiving Policy

We will try to ensure continued readability and accessibility and as part of that the site is regularly backed up. All issues of the journal are archived on the Sheffield Hallam University servers. Articles will not be removed unless there is an acceptable reason as outlined in the [Retraction Policy](#).

Authors are permitted, without embargo, to deposit their articles (including pre-prints and post-prints) online, e.g. in institutional repositories, in pre-print servers or on their webpages, as long as they link to the published version via DOI when the DOI becomes available.
